"Zodiac" Compatibility

Highly Compatible

What's the best aspect of the Gemini-Cancer relationship? Once they realize they're allies, they can soar to great heights together. Gemini is always thinking ahead, and Cancer is quietly supporting these ideas behind the scenes. Each partner's ability to provide what the other is lacking makes theirs a fulfilling relationship.

Head Line

A head line is said to represent a person's intellectual qualities and how they approach life. It can provide insight into how a person forms ideas, processes information and makes decisions. In general, a strong, bold head line indicates that a person is logical, rational and analytical in their approach to life; a curved or shallow line suggests a more intuitive, creative and emotional approach.

Daily Fortune Cookie

Everyone loves cracking open a fortune cookie at the end of a meal... Now you can open as many as you want!
